LEXINGTON RECEIVER

Is Still Trying to Get Set-
tlement in Kentucky.

A Lexington paper says:
"In an effort to obtain possession
of all the assets of the defunct
Southern Mutual Investment com-
pany of Kentucky, and the Ameri-
can Reserve Bond company, of Chi-
cago, James C. Rogers, of Lexing-
ton, receiver of the first named con-
cern, has gone to Chicago, accom-
panied by his attorney, Col. John R.
Allen, where they will try to get an
order of court allowing them to
bring the property into Kentucky.
If successful, they say that the
affairs of the company, which have
been badly involved for some time,
will be speedily wound up."

Hopkinsville people lost heavily by
the failure of this concern a year
ago and its affairs are still in an
unsettled condition.

NOT SAFE.

Company's Reply to Request
of Clarksville Committee.

Clarksville, Tenn., April 17.—The
Dark Tobacco Growers' Association
held its regular meeting here. The
district reports showed tobacco
plants to be showing up well. A
number of new members had been
secured and good prices were an-
nounced for all sales of tobacco made
by the Association. President Sav-
age, of the Chamber of Commerce,
who with W. A. McFall, repre-
senting the Association, went to New
York to confer with officials of the
American Tobacco Company, with a
view of offering inducements to con-
tinue their manufacturing business
in this city, said the company expect-
ed to enlarge its twist factory, but
did not deem it safe to make fur-
ther investments in this city, hence
the removal recently of the Meri-
weather branch of the factory to
Nashville. Mr. Savage impressed
upon the meeting the need of main-
taining peace and quiet in order that
the company may be assured of pro-
tection should they continue their
operations here.

TAKE SALOONS' PLACES.

Closing of Liquor Stores in
Bowling Green Will Not
Stop Drinking.

Bowling Green, Ky., April 15.—
Several drinking clubs will likely
spring up here with the expiration
of the saloon licenses on May 1st.

Fifteen saloons go out of business,
and there will be no legal way to get
drinks save by following the old sys-
tem of organizing clubs and having
liquor shipped to the members from
outside Kentucky. These will not
be allowed to sell, however.

GOV. WILLSON

Pardons Tandy Martin, from
Knott County.

Frankfort, Ky., April 15.—Gov.
Willson late yesterday evening par-
doned Tandy Martin, of Knott coun-
ty, who was given a ten-year sen-
tence for killing John J. Amburgy.
State Senator Hiliard H. Smith was
greatly interested in the case and
presented all the facts to the Gov-
ernor in such a manner that the
Governor was convinced it was prop-
er to issue the pardon. The Gov-
ernor's reasons for pardoning are as
follows:

The case presents strong consid-
erations for the interposition and in-
dulgence of the Executive in that
the killing for which the said Tandy
Martin was convicted appears to
have been done in defense of his
home and family from an attack
made on his home in the night time
by a crowd of armed men.

This pardon is recommended by
Justice J. P. Hopson, who wrote the
opinion in the case, and his recom-
mendation for a pardon was con-
curred in by Justices T. J. Nunn,
Henry S. Barker, W. E. Settle and
Chief Justice Edward O'Rear, of the
Court of Appeals. The pardon was
also recommended by Attorney Gen-
eral Hays and his assistant, Mr.
Morris, who prosecuted the case in
the Court of Appeals, and by hun-
dreds of citizens.

Gold Flowing Back to Europe

New York, April 16.—The first en-
gagement of gold for shipment to
Europe since the financial panic of
October last was announced yester-
day, the National City Bank taking
\$1,000,000 for Paris. The shipment
is due to a rise in exchange rates in
New York and a decline in Sterling
in Paris. Germany is reported to be
bidding actively for gold in New
York, and it was expected in Wall
street to-day that gold would go
abroad in considerable quantity next
week. A report was current that
Secretary Cortelyou might call on
banks for Government deposits if
the movements became too heavy.

Pinkham's Vegetable Compound.

writes to Mrs. Pinkham:

"I suffered untold misery from fe-
male troubles. My doctor said an opera-
tion was the only chance I had, and I
dreaded it almost as much as death.

"One day I read how other women
had been cured by Lydia E. Pinkham's
Vegetable Compound, and I decided to
try it. Before I had taken the first
bottle I was better, and now I am en-
tirely cured.

"Every woman suffering with any
female trouble should take Lydia E.
Pinkham's Vegetable Compound."

Alice Graham Kills Herself
For Unknown Reason With
Her Own Pistol.

Paducah, Ky., April 15.—For
causes unknown Alice Graham killed
herself here this morning at the
home of Dr. Herman Hessig, her
brother-in-law.

She had dressed herself to take a
trip in the country and asked for a
pistol which she owned.

Finding it, she walked up to a
mirror and pressed the weapon
against her heart, killing herself
instantly. She had been here about
eighteen months, having come from
her home in Louisville.

SUFFRAGE IN OREGON.

Women Organize to Oppose
Female Suffrage.

A woman suffrage amendment to
the constitution of Oregon is to be
again submitted to the voters at the
approaching election in June. The
Oregon Association Opposed to the
Extension of Suffrage to Women has
filed an argument against the amend-
ment, which will be mailed to every
voter in the state, under the provi-
sions of the new law. The argument
cites the following ten reasons
against the amendment:

Because suffrage is to be regarded
not as a privilege to be enjoyed, but
as a duty to be performed.

Because hitherto the women of
this state have enjoyed exemption
from this burdensome duty, and no
adequate reason has been assigned
for depriving them of this immunity.

Because conferring suffrage upon
the women who claim it would im-
pose suffrage upon the many women
who neither desire it as a privilege
nor regard it their duty to seek it.

Because the need of America is not
an increased quantity but an improv-
ed quality of the vote, and there is
no adequate reason to believe that
woman's suffrage, by doubling the
vote, will improve its quality.

Because the household, not the in-
dividual, is the unit of the state, and
the vast majority of women are re-
presented by household suffrage.

Because the women not so repre-
sented suffer no practical injustice
which giving the suffrage will rem-
edy.

Because equality in character does
not imply similarity in function, and
the duties and life of men and wom-
en are divinely ordered to be differ-
ent in the state and in the home.

Because the energies of women
are engrossed by their present du-
ties and interests, from which men
cannot relieve them, and it is better
for the community that they devote
their energies to the more efficient
performance of their present work
than divert them to new fields of ac-
tivity.

Because political equality will de-
prive women of special privileges
hitherto accorded them by the law.

Because suffrage logically involves
the holding of public office, includ-
ing jury duty, and office-holding is
inconsistent with the duties of most
women.
